

The 4 rules of the HyFlex class

1

Online or On-site?

When registering, please indicate the main format chosen (on-site or online) to our Head of Customer Service*

2

In-session flexibility

To change modality (online/on-site) during a session, please notify by email the teacher at least 48 hours before the next class.

3

Number of students

The number of online students cannot exceed the number of on-site students. The ideal split is 1/3 online 2/3 on-site.

4

Online etiquette

Make sure that you have a good internet connection, that your mic is off when not speaking and that your camera is on.
