# Comic Book Festival Dublin

***Fête de l'Illustration & de la Bande Dessinée***

***J'ai dix ans ! This our 10th anniversary!***

The Comic Book Festival Dublin, presented by Alliance Française Dublin, Illustrators Ireland and the French Embassy in Ireland, has grown into a key cultural event and has brought together hundreds of people – fans, illustrators, authors and publishers – who have all helped to enrich the field of comics creation, illustration and animation.

This milestone edition will showcase **15 international guests** for book fairs & signings, talks, exhibition, screenings, creative workshops for all ages, and, of course, our now famous *Live Readings* performance! The 2025 Highlights will include exclusive talks with French illustrator & author **Lucie Arnoux**; Irish artist, writer & director **Robert Cullen**; and the *Centre Belge de la Bande Dessinée*'s Deputy Director **Tine Anthoni** for an overview of the last decade in European comics. We are also proud to be introducing to Irish audience the first 10 episodes from Emillie Tronche's massive hit animated series **Samuel**.

We look forward to welcoming you and we guarantee you will have a unique and captivating experience!
